**Project reference:**  
SR2177.REFORM.STREET.DUNDEE

## Taking care of your sewer network - Reform Street, Dundee

### What we are doing

We need to carry out urgent work to repair a collapsed sewer on the footpath at the end of Reform Street, close to its junction with Meadowside.

Due to the depth of the sewer and therefore the size of excavation required, we need to close Reform Street to complete this work safely.

Reform Street will be closed between the junction of Meadowside and Bank Street on Wednesday 15<sup>th</sup> October and the work could take approx 2 weeks to complete.

The section of road which needs to be closed is currently the only access for vehicles into Reform Street. This means there will be no access for vehicles into Reform Street while we complete this work.

There is however alternative access for Business Delivery's (Loading/Unloading) and Disabled Road Users. Further information overleaf.

### Why are we doing these works?

These urgent works are required to excavate and repair the damaged sewer.

### What happens next?

- No need to worry; your water supply and drainage services from your kitchen and bathroom should not be affected by our work.
- You may notice some noise from construction equipment during these works. We are doing all we can to keep any disruption to a minimum.
- Updates will be posted at: [ScottishWater.co.uk/\(ADD URL HERE\)](#)

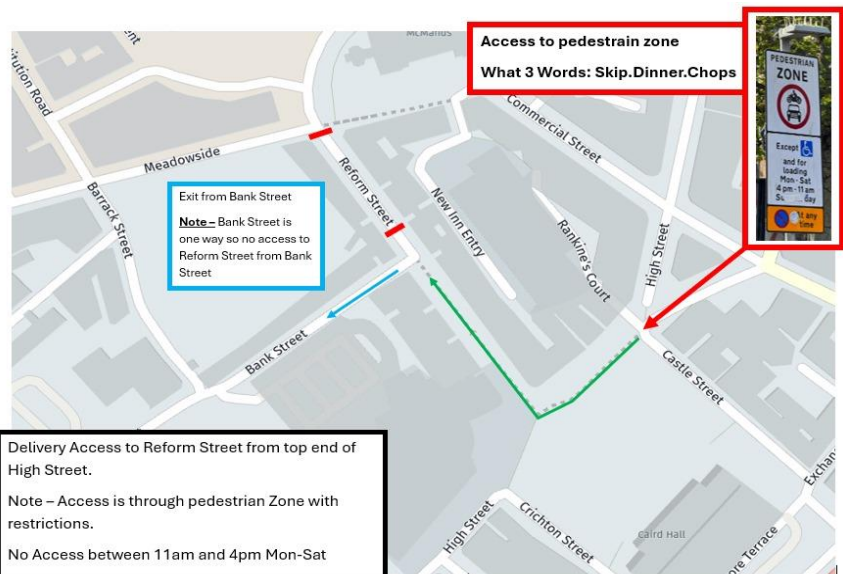

For more details on how we  
carry out this work, visit:

## Business Delivery's

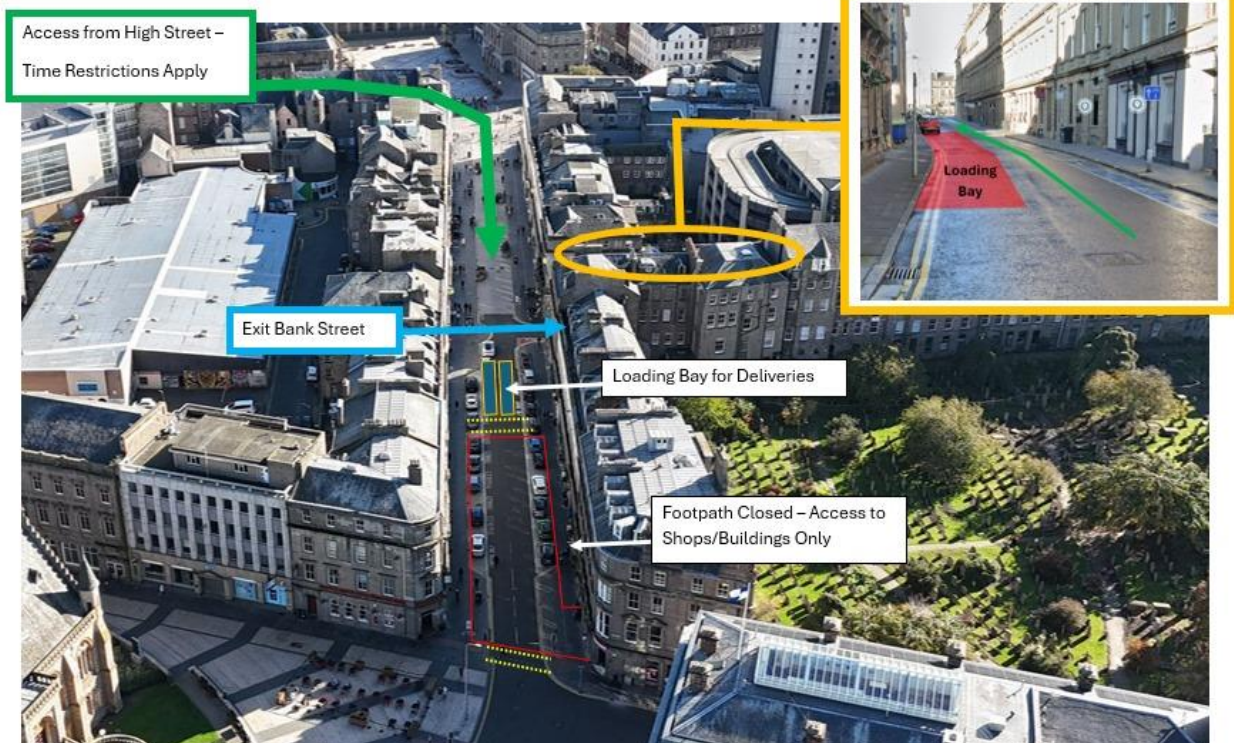

Disabled Road Users and Business Deliveries can still access part of Reform Street from High Street.

This would be through a pedestrian Zone which is only available between the following times:

Mon - Sat: 4pm – 11am  
Sunday: All Day

Delivery Access to Reform Street from top end of High Street.  
Note - Access is through pedestrian Zone with restrictions.  
No Access between 11am and 4pm Mon-Sat
